

Capability Statement

www.lcjss.com

LC&J is an established, mature WOSB that has skillfully architected and integrated numerous solutions for Homeland Security Presidential Directive, HSPD12, Public Key Infrastructure (PKI), and Identity Credential Access Management (ICAM) mandates that are successfully sustained in the federal government.

LC&J can provide you with expert support at any stage of your identity security journey from analysis, buy, build, deployment, integration, training, and sustainment. We work directly with clients to analyze their current infrastructure, perform gap analysis and designs solutions for the Enterprise. LC&J will leverage current investments where applicable and choose the right products and tools to close security gaps resulting in a defined IT ICAM roadmap of what to mature and when.
